FERTIUM FOLIFEED

FOLIAR NPK NUTRITIONAL BIOSTIMULANT WITH AMINO ACIDS

Folifeed is a nutritional **biostimulant rich in amino acids** with macro and micronutrients for foliar application.

The high concentration of free amino acids favors the response of crops to any stress situation and improves the physiological processes of the plant. In addition to its nutritional richness, Folifeed contains specific biopolymers and amino acids: the **Efifol technology, designed to obtain the best product performance on the leaf surface (phyllosphere).**

Folifeed does **triple function; nutritional, corrective and stimulator** at the same time, which eliminates the need for any other type of biostimulant in crop treatments.

Folifeed increases the crop yield, weight, quality, color and energy and it is improved the crop response to stress situations, temperature, drought, pests and diseases.

	Free Amino acids	N	P ₂ O ₅	K ₂ O	MgO	Zn	T.E.
Folifeed N	5,5%	25%	5%	5%	2%	0,1%	*
Folifeed P	2,0%	11%	57%	0%	0%	1,0%	
Folifeed K	5,5%	10%	5%	30%	2%	0,1%	*

* **T.E.:** 0,03%B, 0,03Cu, 0,1%Fe, 0,075Mn, 0,05Mo,

Aminogram: Ala, Arg, Asp, Cys, Gly, Glu, Hyp, His, Iso, Leu, Lys, Met, Phe, Pro, Ser, Thr, Tyr, Val

Recommended doses	Foliar application
Vegetables	3-5 Kg/Ha
Citrus	3-6 Kg/Ha
Fruit trees	3-6 Kg/Ha
Soybean	3-5 Kg/Ha
Cereals	3-5 Kg/Ha

Packaging

1Kg, 5Kg
