FERTIUM ZN-MN

SPECIAL LIQUID FERTILIZER WITH AMINO ACIDS, ZINC AND MANGANESE

Fertium Zn-Mn is an **organic corrector for zinc and manganese deficiencies**. Thanks to selected fast-absorbing free amino acids, it provides a biostimulant effect. In addition, it efficiently prevents and corrects possible zinc and manganese deficiencies. In the formulation of the product, zinc and manganese cations are complexed with amino acids, forming zinc-manganese aminoates that guarantee the mobility of both micronutrients and improve their effectiveness in both foliar and root corrections. Zinc and manganese are essential and enhance vital processes such as photosynthesis, sprouting and plant growth, among others.

	Free amino acids	N	Mn	Zn	pH
Fertium Zn-Mn	8%	2%	4%	4%	4
Aminogram: Ala, Arg, Asp, Cys, Gly, Glu, Hyp, His, Iso, Leu, Lys, Met, Phe, Pro, Ser, Thr, Tyr, Val					

Recommended doses	Foliar application
Vegetables	3-4 L/Ha
Oil crops	2-3 L/Ha
Citrus	3-4 L/Ha
Fruit trees	3-4 L/Ha
Cereals	2-3 L/Ha

Packaging

1L, 5L, 20L
